AGENDA ITEM NO. 4.2

TITLE: Operations Manager's Report – May 2022

SUBJECT: Update on Activities Since the April 2022 Board of Trustees Meeting

EXECUTIVE SUMMARY:

This Staff Report is intended to inform the Board and serve as the official record of the activities the District's field staff engaged in for the month of April 2022. As well as provide information regarding District facility use and local weather impacts on District facilities and river levels. Noteworthy activities include mowing along the inner and outer perimeter of the District as well as garbage removal along Garden Highway and the Natomas East Main Drainage Canal. Crews performed vegetation and debris removal at all pumping plants throughout the District. Additional repairs were made at Pumping Plant #1A, currently two (2) pumps are operational at this time, parts for a third pump are on order. Canal erosion materials were stockpiled throughout the District in order to make appropriate repairs this summer.

Waterworks Aquatic Management performed an aquatic treatment on 4/27-4/29, this treatment was related to primrose along the North Drain, East Drain, West Drain, Bannon and Fisherman's Lake. District staff will perform debris removal within the NEMDC from Main Ave to I-80, this work requires a streambed alteration permit, which was granted by CDFW.

The Operations Manager's report was created to provide monthly updates to the Board of Trustees on field related activities within the District boundaries, as well as provide a historical record. This allows for the District and the public an opportunity to refer back to data trends over time regarding the weather impact on District facilities, crew activities, and local river and canal conditions as well as general District activities from month to month.

RECOMMENDATION:

There are no staff recommendations, the information provided is strictly informational.

AGENDA ITEM NO. 5.1

TITLE: Approval of Minutes

SUBJECT: Approval of Minutes from April 7, 2022 Special Board Meeting, April 8, 2022 Regular Board Meeting, and May 4, 2022 Special Board Meeting

EXECUTIVE SUMMARY:

This staff report serves as the official record of the Board of Trustees monthly meetings. This document details meeting participants, proof of items discussed, summaries of board meeting discussion, and the Board's actions. Staff recommends Board approval of meeting minutes from the following Board Meetings:

- April 7, 2022 Special Board Meeting (Attachment No. 1)
- April 8, 2022 Regular Board Meeting (Attachment No. 2)
- May 4, 2022 Special Board Meeting (Attachment No. 3)

The Ralph M. Brown Act (Gov. Code §54950 et seq.) governs meetings by public commissions, boards and councils, and public agencies in California. The Act facilitates public transparency and public participation in local government decisions. The Act also contains specific exemptions from the open meeting requirements where governmental agencies have a demonstrated need for confidentiality. To further comply with transparency, Reclamation District No. 1000 documents meetings of the Board of Trustees through Board Minutes.

RECOMMENDATION:

Staff recommends the Board approve the Minutes from the following Board Meetings:

- April 7, 2022 Special Board Meeting (Attachment No. 1)
- April 8, 2022 Regular Board Meeting (Attachment No. 2)
- May 4, 2022 Special Board Meeting (Attachment No. 3)

2. PRESENTATIONS

2.1. No Scheduled Presentations

3. PUBLIC COMMENT (NON-AGENDA ITEMS)

Patrick Tully

Patrick Tully from the Garden Highway Community Association stated he recently sent two letters to the Board. One letter is about removing landscaping and encouraging a meeting between the two groups. Mr. Tully invites anyone out to look at the actual situation on the ground. He stated he made a third request for documents under the Public Records Act for some key documents not shared previously with the association or the public. He asked that his request is on record and again encouraged the Board to work with the Garden Highway Community Association. The District's current notification of 100 people amounts to over 50% of the people living on the waterside, making it a considerable number. Mr. Tully thanked the Board for their time.

General Manager Kevin King stated that Mr. Tully's letter was received on April 5, 2022, and the Board was furnished with a copy. A copy of the letter has also been included in the Board packet for the April 8 Board meeting. GM King stated the District has ten days to respond to Mr. Tully's public records request.

Gibson Howell

Gibson Howell stated he viewed the recording of the last public meeting in February. During the meeting it was stated in Zone 1 or Zone 2 trees were ok as long as they were pruned up to 5 feet. Mr. Howell states the writings of Zone 1 and Zone 2 do not specify trees being ok. He wonders why it was publicly stated that trees pruned up to 5 ft within Zone 1 and Zone 2 are ok, but in all the writing of the variance where it says 'waiver,' it only mentions small shrubs and foliage of that nature. He requested direction in locating language that states trees pruned up to 5 feet are ok.

Mr. Howell mentioned the new levee prism and SAFCA's Settlement Agreement, where language therein stated the levee prism would change, making the new levee (engineered side) the east side of Garden Highway/the land side of Garden Highway. Mr. Howell requested information on how the levee prism was designed and if the design is being considered.

General Manager Kevin King stated the next informational session for the public would be held on April 27 and encouraged Mr. Howell to attend. GM King will take Mr. Howell's questions into account and will address them at the community meeting. The meeting will also be recorded and posted to the RD1000 website (rd1000.org) under "Seeing Levees Saves Lives."

Mr. Howell asked to add a third item. For houses that are on fill, there is no way to see the toe of the levee prism regardless of whether you can see through past the fog line on Garden Highway in either direction. If you can see entirely through someone's driveway off the levee toe side just by looking through the driveway, would that be considered acceptable?

GM King confirmed Mr. Howell's questions are on record, and if he has any more questions, he could email them to SWIF@rd1000.org GM King will be sure to incorporate all questions into our community meeting on April 27.

There were no other public comments made.

4. INFORMATIONAL ITEMS

4.1. GENERAL MANAGER'S REPORT: Update on activities since the March 2022 Board Meeting.

General Manager Evaluation

General Manager King announced, as directed by the Board, that he met with Trustee Thom Gilbert and Trustee Elena Lee Reeder regarding the general manager's evaluation. GM King advised more time is necessary to address some of the requested items. He intends to provide a memorandum response to the full Board when ready. GM King will also provide an updated work plan.

State of Natomas

GM King reminded the Board that the State of Natomas event is upcoming on 4/27 reservations are required.

ASM Gutierrez requested a reply by roll call to attend the State of Natomas event.

Will attend: Trustee Thom Gilbert, Trustee Elena Lee Reeder, Trustee Chris Burns

Tentative: Trustee Nick Avdis

Will not attend: Trustee Tom Barandas, Trustee Jag Bains, Trustee Debra G. Jones

Rosin Court

Trustee Chris Burns requested an update. GM King has not heard back from the City and has had no follow-up since their February response to the proposed lease agreement.

Pumping Plant 8

Trustee Chris Burns asked about the preliminary plant design and if there was a way to ask the state for funds. General Manager King has contacted Senator Pan's office and Asm. McCarty's office and put in a request for budget surplus funds. Trustee Chris Burns requested a copy of any documents requesting funding so that he could put the need for funding in front of specific legislators. GM King will follow up with Trustee Burns and provide information.

4.2. OPERATIONS MANAGER'S REPORT: Update on activities since the March 2022 Board Meeting.

General Manager King provided a verbal update highlighting clean-up and safety improvements in the field's auto shop. The operations manager explained the photos depicted onscreen. He mentioned that a vendor is preparing a quote on a card-lock system for the District's fuel pumps to track fuel use electronically. Operation Manager Holleman also is working with a vendor on pricing to add GPS to all district vehicles for tracking, theft prevention, and identification of work patterns. This item and others will be considered during the Operations Committee meeting on April 14 and budgeted for FY 22/23.

4.3. DISTRICT COUNSEL'S REPORT: Update on activities since the March 2022 Board Meeting.

Counsel Rebecca Smith provided a verbal update on significant work activities during March 2022.

5. CONSENT CALENDAR

The Board considers all Consent Calendar items to be routine and will adopt them in one motion. There will be no discussion on these items before the Board votes on the motion, unless Trustees, staff, or the public request specific items be discussed and/or removed from the Consent Calendar.

Moved/Second: Trustee Nick Avdis/Trustee Thom Gilbert

Ayes: Trustee Gilbert, Trustee Lee Reeder, Trustee Avdis, Trustee Barandas, Trustee Bains, Trustee Burns, Trustee Jones

Noes: None

Absent: None

Abstain: None

Action: Motion to approve Consent Calendar Items 5.1 – 5.5 is approved.

- 5.1. APPROVAL OF MINUTES: Approval of Minutes from March 11, 2022, Regular Board Meeting and March 30, 2022, Special Board Meeting.
- 5.2. TREASURER'S REPORT: Approve Treasurer's Report for March 2022.
- 5.3. EXPENDITURE REPORT: Review and Accept Report for March 2022.
- 5.4. BUDGET TO ACTUAL REPORT: Review and Accept Report for March 2022.
- 5.5. ASSEMBLY BILL 361: Review and Consider Adoption of Resolution No. 2022-04-01 - Proclaiming a Local Emergency, Ratifying the Covid-19 State of Emergency, and Authorizing Remote Teleconference Meetings of Reclamation District No. 1000 Pursuant to The Ralph M. Brown Act.

6. SCHEDULED ITEMS

- 6.1. RETIREE HEALTHCARE PLAN: Review and Consider Modification to Funding Strategy for Retiree Healthcare Plan – June 30, 2021, Actuarial Valuation, and Plan Funding for 2021/22, 2022/23, and 2023/24.

General Manager King stated every year; we have an actuarial report that determines our current requirement and our annual required contribution for the District's OPEB unfunded liability portion. This item was discussed in the Finance Committee on March 16 and received consensus to move the item forward. GM King explained that staff would like to change our investment Funding Strategy from CERBT Strategy 2 to CERBT Strategy 1 and a 10-year level payment option to normalize our costs to pay off the unfunded liability portion of the annual required contribution.

There are two components to our retiree healthcare plan. 1) We have the "pay as you go costs" every year, depending on healthcare costs annually and how many retirees are active in the plan. It also depends on the market. 2) The unfunded liability portion is the investment strategy portion. Currently, we're on a 30-year amortization schedule with the CERBT 2 strategy, which offers a lower rate of return. Our interest payments with our current unfunded liability would be more than 650k in interest throughout that payment period. By moving to CERBT Strategy 1, with the expected rate of return as of June 30, 2021, on a 10-year flat level payment, we would theoretically pay it off in 10 years, depending on how the market performs. With a level dollar payment during this period, the total interest savings would be close to 350k

to 400k depending on the market. In the third quarter of 2021, CERBT Investment Strategy 1 realized a rate of return of 19%. Staff believes it is wise for the District to invest funding into CERBT Strategy 1 to pay off the unfunded liability sooner without incurring additional interest. Strategy 1 also has the potential to exceed returns from the District's other investments.

There were no Trustee questions or public comments made.

Moved/Second: Trustee Tom Barandas/Trustee Elena Lee Reeder

Ayes: Trustee Thom Gilbert, Trustee Elena Lee Reeder, Trustee Jag Bains, Trustee Tom Barandas, Trustee Chris Burns, Trustee Debra G. Jones

Noes: None

RECLAMATION DISTRICT 1000

DATE: MAY 13, 2022

AGENDA ITEM NO. 5.2

TITLE: Treasurer's Report

SUBJECT: Approve Treasurer's Report for April 2022

EXECUTIVE SUMMARY:

This Staff Report is intended to inform the Board of the current total funds in the District's checking and money market accounts, Sacramento County Treasurer Fund, State Treasurer Local Agency Investment Fund (LAIF), and the City of Sacramento Pooled Investment Fund.

The Staff Report attachment provides the monthly beginning and ending balances of its Operations and Maintenance cash flow. The report considers the current month's receipts, fund to fund transfers, accounts payable, and payroll. Notable fund and cash flow items during April 2022 are featured in the attached Treasurer's Report.

The District maintains funds in the California State Controller Local Agency Investment Fund (LAIF), the Sacramento County Treasurer, and Bank of the West. The District's primary source of income is property assessments. Assessments are collected through respective Sacramento and Sutter County tax bills.

Annually, the Board of Trustees approves a Resolution designating officers and signatories to the Operations and Maintenance Fund held by the Sacramento County Treasurer. The District's Financial Reserve Policy guides current, future, and unexpected funding requirements. The District's Investment Policy guides investments made by the District of any surplus or reserve funds it may have.

RECOMMENDATION:

Staff recommends the Board approve the April 2022 Treasurer's Report.

RECLAMATION DISTRICT 1000

DATE: MAY 13, 2022

AGENDA ITEM NO. 5.4

TITLE: Budget to Actual Report

SUBJECT: Review and Accept Report for April 2022

EXECUTIVE SUMMARY:

This Staff Report provides a monthly budgetary snapshot of how well the District meets its set budget goals for the fiscal year. The monthly Budget to Actual Report contains a three-column presentation of actual expenditures, budgeted expenditures, and the Budget percentage. Each line item compares budgeted amounts against real-to-date expenses. Significant budgeted line item variances (if any) will be explained in the Executive Summary of this report.

Attachment 1 provides a year-to-date report for the month ending April 30, 2022. The most significant expenditures under Administration are Insurance, Mitigation Land Expenses, Property Tax Assessments, and District Memberships. Significant expenses under Operations are under Field Services.

BACKGROUND:

The Board of Trustees adopts a budget annually in June. District staff prepares the budget, which presents the current year's budget versus expenditures and a proposed budget for the upcoming fiscal year.

Three Board committees review the draft budget before being presented to the Board for adoption in June. The Personnel Committee reviews the wage and benefits portion of the budget. The Operations Committee reviews the Capital expenditures Budget. After the two committees review and make recommendations to the budget, the final draft is prepared for the Finance Committee to consider. After review by the Finance Committee, the final Proposed Budget is presented to the entire Board for adoption at a regular Board meeting.

RECOMMENDATION:

Staff recommends the Board review and accept the Budget to Actual Report for April 2022.

RECLAMATION DISTRICT 1000

DATE: MAY 13, 2022

AGENDA ITEM NO. 5.5

TITLE: Assembly Bill 361

SUBJECT: Review and Consider Adoption of Resolution No. 2022-05-02

EXECUTIVE SUMMARY:

On September 16, 2021, Governor Gavin Newsom signed Assembly Bill 361 into law, codifying certain modified requirements for teleconference meetings held by state and local public agencies, similar to those previously authorized and extended by executive order during the COVID-19 State of Emergency. This staff report briefly summarizes AB 361 and describes what Reclamation District No. 1000 (District) must do to utilize the modified requirements for holding remote meetings.

BACKGROUND:

The Ralph M. Brown Act (Brown Act), which governs local public agency meetings, traditionally permitted agencies to utilize teleconferencing (audio or video) for public meetings, subject to certain heightened requirements aimed to preserve public participation.

- Agendas must identify each teleconference location
- Agendas must be posted at each teleconference location
- Physical access for the public must be provided at each teleconference location
- Board actions must be taken by roll call vote
- One board member must be physically present at each meeting location and quorum of the board must participate within the agency's jurisdictional boundaries
- Members of the public must have an opportunity to address the Board from any teleconference location

(Gov. Code, § 54953(b)(3).) However, the rising spread of COVID-19 and the imposition of stay-at-home orders made some of those teleconference requirements untenable, leaving many public agencies unable to hold meetings at all.

On March 4, 2020, Governor Newsom proclaimed a State of Emergency due to COVID-19. Pursuant to that State of Emergency Proclamation, the Governor issued a series of executive orders (N-25-20, N-29-20, and N-35-20) which, among other things, provided several exceptions to the normal Brown Act teleconference rules to permit local agencies to continue meeting while stay-at-home orders were in effect or where meeting in person would pose a risk to health or safety. The executive orders allowed agencies to meet without first identifying or providing public access to each teleconference location, and without maintaining a physical presence of members

TITLE: AB 361

within agency boundaries, though roll call votes and public participation were still required. On June 15, 2021, as vaccinations increased and in-person restrictions eased, Governor Newsom issued Executive Order N-08-21 which provided the Brown Act modifications would expire on September 30, 2021.

AB 361:

With the State of Emergency still in place and variant cases on the rise, AB 361 was introduced to provide a longer-term solution for teleconference meetings during states of emergency, effective until January 1, 2024. While not limited to COVID-19, the legislation mirrors many of the allowances made under the Governor’s executive orders. AB 361 amends Section 54953 of the Government Code to allow the legislative body of a local agency to meet remotely without complying with the normal teleconference rules for agenda posting, physical location access, or quorum rules. To do so, one of three scenarios must exist, all of which require that the Governor has proclaimed a State of Emergency pursuant to Government Code section 8625:

- A. State or local officials have imposed or recommended measures to promote social distancing;
- B. The agency is holding a meeting for the purpose of determining whether meeting in person would present imminent risks to the health or safety of attendees; or
- C. The agency is holding a meeting and has determined that meeting in person would present imminent risks to the health or safety of attendees.

(Gov. Code, § 54953(e)(1).)

An agency that holds a meeting under either of the three scenarios must continue to post its agenda in the time required by the Brown Act, and ensure that the public is able to address the board directly through teleconference means. (*Id.* at subd. (e)(2).) If a disruption prevents the public agency from broadcasting the meeting or receiving public comments in real time, the board may take no further action until those functions are restored; any actions taken during such a disruption are subject to legal challenge. (*Id.*)

Assuming the State of Emergency remains in effect and an agency wishes to continue meeting under the modified rules, it must adopt an initial resolution within 30 days of the first teleconference meeting (which applies retroactively to that first meeting), and then must adopt an extension resolution at least every 30 days thereafter. (*Id.* at subd. (e)(3).) The resolutions must contain findings stating that the agency has reconsidered the circumstances of the State of Emergency and at least one of the following circumstances exist:

- i. The State of Emergency continues to directly impact the ability of the members to meet safely in person; or
- ii. State or local officials continue to impose or recommend measures to promote social distancing.

TITLE: AB 361

(*Id.*) The requirement for agencies to affirm by resolution every 30 days that the State of Emergency continues to necessitate remote meetings did not exist under the executive orders, and may present a logistical challenge for agencies that meet quarterly—or even monthly when meetings are separated by more than 30 days. Where an agency is not able to rely on regular meetings to adopt extension resolutions within that time frame, the agency has two potential options:

- Hold a special “AB 361” remote meeting within the 30-day window simply to re-authorize the AB 361 exceptions.
- Allow the initial resolution or extension resolution to lapse and approve a new initial resolution at the next agency meeting, subject to the same substantive and procedural requirements as the first.

It should be noted it is not entirely clear from the text of the statute that an agency may simply adopt a new initial resolution after failing to adopt an extension resolution within 30 days, and still take advantage of the retroactive application of the modified teleconference rules for that meeting. For a number of practical reasons, including the variability of active COVID-19 cases and the development of new state or local recommendations and orders, it might become necessary to do so. A conservative approach, and the one we recommend, would be to avoid lapses by holding a special meeting every 30 days to reauthorize the modified teleconference rules.

Once AB 361 authorization lapses, the normal Brown Act rules will apply and an agency seeking to hold a teleconference meeting will once again be required to post agendas and provide public access at each remote location, identify those locations in the agenda, and maintain a quorum of the board within agency boundaries. If a meeting is not held in conformity with AB 361, board members may not teleconference from their residences or other locations which are not open and accessible to the public.

CLARIFICATION ON IMPLEMENTATION DATE:

Upon its signing on September 16, 2021, AB 361 became effective immediately. However, on September 20, 2021, the Governor issued Executive Order N-15-21, clarifying that the changes in AB 361 shall be suspended until October 1, 2021, when the modified Brown Act provisions under Executive Order N-08-21 are set to expire.

CONCLUSION:

AB 361 provides relief to many agencies that have grown accustomed to the modified Brown Act teleconference rules under the emergency executive orders, though the 30-day authorization window could require agencies to hold more special meetings. Without the AB 361 exceptions, agencies will be obligated to return to normal in-person meetings or provide public access at each remote location under the traditional teleconference rules, starting October 1, 2021.

RESOLUTION NO. 2022-05-02

**A RESOLUTION OF THE BOARD OF TRUSTEES OF RECLAMATION DISTRICT NO. 1000
PROCLAIMING A LOCAL EMERGENCY PERSISTS, RE-RATIFYING THE COVID-19 STATE OF
EMERGENCY, AND RE-AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF RECLAMATION
DISTRICT NO. 1000 PURSUANT TO THE RALPH M. BROWN ACT.**

At a regular meeting of the Board of Trustees of Reclamation District No. 1000 held at the District Office on the 13th day of May 2022, the following resolution was approved and adopted:

WHEREAS, Reclamation District No. 1000 (District) is committed to preserving and nurturing public access and participation in meetings of the Board of Trustees; and

WHEREAS, all meetings of the District are open and public, as required by the Ralph M. Brown Act (Gov. Code, §§ 54950 – 54963) (“Brown Act”), so that any member of the public may attend, participate, and watch the District’s legislative body conduct its business; and

WHEREAS, Assembly Bill 361 added Government Code section 54953(e) to make provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, a required condition is that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558; and

WHEREAS, a proclamation is made when there is an actual incident, threat of disaster, or extreme peril to the safety of persons and property within the jurisdictions that are within the District’s boundaries, caused by natural, technological, or human-caused disasters; and

WHEREAS, it is further required that state or local officials have imposed or recommended measures to promote social distancing, or, the legislative body meeting in person would present imminent risks to the health and safety of attendees; and

WHEREAS, the Board of Trustees previously adopted a Resolution, number 2022-05-01 on May 4, 2022, finding that the requisite conditions exist for the District to conduct remote teleconference meetings without compliance with paragraph (3) of subdivision (b) of section 54953; and

WHEREAS, such conditions persist in the District, specifically, on March 4, 2020, Governor Gavin Newsom proclaimed a State of Emergency to exist in California due to the threat of COVID-

19; despite sustained efforts, the virus continues to spread and has impacted nearly all sectors of California; and

WHEREAS, the Board of Trustees does hereby find that the ongoing risk posed by the highly transmissible COVID-19 virus has caused, and will continue to cause, conditions of peril to the safety of persons within the District that are likely to be beyond the control of services, personnel, equipment, and facilities of the District; and

WHEREAS, as a consequence of the local emergency persisting, the Board of Trustees does hereby find that the District shall continue to conduct its meetings without compliance with paragraph (3) of subdivision (b) of Government Code section 54953, as authorized by subdivision (e) of section 54953, and that the Board shall comply with the requirements to provide the public with access to the meetings as prescribed in paragraph (2) of subdivision(e) of section 54953; and

WHEREAS, all meeting agendas, meeting dates, times, and manner in which the public may participate in the public meetings of the District and offer public comment by telephone or internet-based service options including video conference are posted on the District website and physically outside of the District office.

NOW, THEREFORE BE IT RESOLVED THAT:

Section 1. Recitals. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. Affirmation that Local Emergency Exists. The Board has reconsidered the conditions of the state of emergency and proclaims that a local emergency persists throughout the District because the high risk of transmissibility of COVID-19 continues to pose an imminent risk to the safety of persons in the District.

Section 3. Re-ratification of Governor’s Proclamation of a State of Emergency. The Board hereby ratifies the Governor of the State of California’s Proclamation of State of Emergency, effective as of its issuance date of March 4, 2020.

Section 4. Remote Teleconference Meetings. District staff are hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953(e) and other applicable provisions of the Brown Act.

Section 5. Effective Date of Resolution. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of (i) June 13, 2022, or such time the Board of Trustees adopts a subsequent resolution in accordance with Government Code section 54953(e)(3) to extend the time during which the District may continue to teleconference without compliance with paragraph (3) of subdivision (b) of section 54953.

AGENDA ITEM NO. 5.6

TITLE: District Election

SUBJECT: Review and Consider Adoption of Resolution No. 2022-05-03 Adopting Election Procedures

EXECUTIVE SUMMARY:

Effective with its 2020 General District Election, Reclamation District No. 1000 transitioned from an odd-year election cycle to an even-year election cycle. This move is authorized by the California Elections Code and Water Code, and was driven by the Board's desire to ensure strong turnout in its general district elections.

In March 2022, the Board took formal action to call its 2022 General District Election. That election will be held on November 8, 2022. Both mailed ballots and in-person voting will be available. Incorporating some of the lessons learned from the 2020 Election, staff have compiled the attached digest of Election Procedures provided in Exhibit A of Resolution 2022-05-03 (Attachment 1). These procedures summarize many of the existing statutory requirements for your election in one place, for ease of reference. They also attempt to provide clarity or efficiency where the statutes are silent (for example, in allowing for landowners of multiple parcels to vote in a single consolidated ballot, rather than issuing many ballots for the same voter). Where the law is silent, these procedures give staff direction as to how the election process should be administered.

For a November 2022 General District election, nomination petitions may be filed between August 25 and September 15, 2022. If the number of eligible candidates exceeds the number of positions available, an election shall be held. If it does not, the eligible candidates shall be appointed by the County.

A RESOLUTION OF THE BOARD OF TRUSTEES OF RECLAMATION DISTRICT NO. 1000
ADOPTING PROCEDURES FOR THE 2022 GENERAL ELECTION

At a regular meeting of the Board of Trustees of Reclamation District No. 1000 held at the District Office on the 13th day of May 2022, the following resolution was approved and adopted:

WHEREAS, Reclamation District No. 1000 (“District”) has transitioned from an odd-year election cycle to an even-year election cycle, consistent with the requirements of the California Voter Participation Act, the Elections Code, and the California Reclamation District Law; and

WHEREAS, the seats of those Trustees that would otherwise have expired in November 2023 are set to be filled in a November 2022 General District Election; and

WHEREAS, the Board should establish general procedures for the conduct of the election, and make certain other findings to facilitate the orderly administration of the election.

NOW, THEREFORE, BE IT RESOLVED, ADJUDGED and ORDAINED as follows:

1. Consistent with Water Code section 50731.5, Nomination Petitions for the Office of Trustee shall be filed between August 25, 2022 and September 15, 2022. If sufficient qualified people declare their candidacies such that an election is necessary, a General District Election shall be held on Tuesday, November 8, 2022.
2. Where the relevant sections of the Elections Code or Water Code are silent, the attached General Election Procedures will govern the conduct of the election.
3. The General Manager of the District or their designee will serve as the elections official within the meaning of Election Code for purposes of publishing notices, printing ballots, and any other administrative procedures necessary to carry out the election.
4. The District staff shall publish notice of the election and notices of the nominating petitions, shall distribute and receive declarations of candidacy, and take all appropriate actions to implement this Resolution.

"EXHIBIT A"

Reclamation District No. 1000

General District Election Procedures

November 2022

BACKGROUND

Effective in 2020, District Elections in Reclamation District No. 1000 are held on the second Tuesday of November, in even-numbered years. Seats on the District's Board of Trustees are designated and elected as Parcel Seats (one vote per parcel); Assessment Seats (votes allocated according to assessment roll) or Resident Seats (one vote per resident). Water Code § 50780.2 *et seq.* The distribution of Parcel, Assessment, and Resident seats on the 7 member board is dictated by the proportionate land uses in the District, pursuant to Water Code § 50780.18. Votes are assigned to each parcel and voter according to the provisions of the Water Code, as follows:

- For a Parcel Seat: One vote per parcel owned, multiplied by the number of open Parcel Seats.
- For an Assessment Seat: One vote per dollar of assessment valuation, according to the District's most recent Operations and Maintenance roll, multiplied by the number of open Assessment Seats.
- For a Resident Seat: One vote per District resident, multiplied by the number of open Resident Seats.

At present, the District's Board of Trustees is composed of 4 Assessment Seats and 3 Parcel Seats. The provisions of Water Code 50780 *et seq* dictate the allocation of votes when each of these seats is open for election.

PRE-ELECTION PROCEDURES

Pre-election procedures involve the preparation and mailing of ballots and the set-up of materials for canvassing the returned ballots. They are taken from the general election laws found at Election Code sections 4000 and following, wherever not inconsistent with the Reclamation Act election procedures.

1. Notice of General Election and Nominating Petitions. The District will publish a Notice of General Election and Notice of Nominating Petitions no later than 7 days before nominations are due to be submitted. Water Code § 50731.5. If the election includes the balance of an unexpired term, the notice shall state that the petition must indicate whether the nomination is for that unexpired term. This notice shall be published in a newspaper in each county in which any of the district lands are located, and posted in the District office.

2. Nomination for Office. In order to appear on the ballot, anyone desiring to run for trustee must file a nomination petition with the Secretary of the Reclamation District no earlier than 75 days before the election and no later than 5:00 p.m. 54 days before the election. Water Code § 50731.5. The petition must be signed by at least 5 qualified voters.

3. The Election Board. An election board consists of three landowners of the District, or their legal representatives, and shall include one inspector and two judges of election. The election board shall be appointed by the county board of supervisors at the request of the District. Water Code § 50700. District personnel will identify and recommend election board members, who may not be candidates or the family members of candidates. The Election Board members shall be responsible for overseeing the count of the ballots; ruling on disputes or challenges to a ballot; and ruling on disputes or challenges to the qualifications of a voter.

4. Oaths of Office. Each member of the Election Board shall take an oath of office before entering on his or her duties. The oath of office may be administered by any officer authorized to administer oaths. Water Code § 50750.

5. Publication of Notice of Election. If the number of nominees exceeds the number of available seats and an election is necessary, the District's secretary shall give notice of the election by publishing a notice of election once a week for four weeks beginning not less than one month prior to the date of election in the same newspaper or newspapers used for publication of the notice calling for nomination petitions. Water Code § 50732.

6. Candidate Statement. Candidates may prepare a candidate's statement that will be distributed to voters. The statement may include the name, age and occupation of the candidate and a brief description, of no more than 200 words, of the candidate's education and qualifications. Election Code § 13307. If the candidate currently holds the office for which s/he is running, the word "incumbent" may be used instead of the candidate's occupation. The statement may not state the party affiliation of the candidate and may not describe membership or activity in partisan political organizations. Election Code § 13307. The statement shall be filed at the same time as a candidate files nominating papers.

7. Ballots. The ballots shall give the names of the trustee candidates. Ballots shall be numbered consecutively and there should be sufficient extra ballots to permit the Election Board to replace spoiled ballots. Sufficient ballots should be prepared for the election at least 20 days prior to Election Day. Election Code § 10527.

8. Providing Ballots to Voters. The District shall deliver to each voter in the District a unique ballot; a return/identification envelope, with postage pre-paid; and a voter pamphlet containing candidate statements or any additional information necessary to cast votes. The identification envelope will include a declaration under penalty of perjury that the voter is eligible to cast votes in the RD 1000 election. The District shall be entitled to rely upon this declaration in determining the qualifications of voters. The District shall provide these materials to voters no earlier than 29 days before the date of the election and shall complete any mailing of ballots no later than 10 days before the date of the election. Election Code § 4101.

9. Consolidation of Ballots. When a Parcel Seat or Assessment Seat is up for election, the District may choose to consolidate the votes of a single landowner onto one ballot. For example, where one landowner owns 10 parcels, each entitled to one vote, the District in its discretion may choose to issue a single ballot with all 10 parcels and votes consolidated. The District may also, at the request of a landowner, cancel previously issued ballots before the close of polls in order to issue a single consolidated ballot for that landowner. In either circumstances,

the particular parcels combined and/or ballots re-issued will be carefully recorded on the Voter List.

10. List of Voters. The Elections Official shall compile a list of the voters in the District, the date(s) on which each voter was sent a ballot in the mail, the number of votes to which the voter is entitled, and the date on which the ballot is returned. Election Code § 3013. The District shall send a second ballot to any voter upon receipt of the statement under penalty of perjury identified above. Election Code § 3014. The District shall verify, prior to counting any such duplicate ballot, that the voter has not attempted to vote twice. If so, both ballots shall be void. Election Code § 3014. The District shall make copies of this list available to all observers during the canvass of votes. Election Code § 15105.

11. Return of Ballots: Ballots must be returned to the District by the close of the polls on Election Day. By default, in-person polls close at 4 pm, although the District may choose to keep them open later. Mailed ballots must be received by 8 pm on Election Day, or postmarked on or before Election Day and received no later than 3 days after Election Day. Election Code § 4103, Water Code § 50705. As ballots are returned, the Elections Board and/or Elections Official may verify that the return envelope has been signed, and mark the ballot/parcel as having been returned on the District's Voter List. **No identification/return envelope may be opened before the polls close on Election Day.**

COUNTING OF BALLOTS

The District shall assemble at least 4 individuals to canvass the votes. Of these, one person will read from the ballot, one will keep watch for any error or improper vote, and the other two will keep the tally. The members of the Election Board may serve in any of these rolls. In the event of a disruption or impropriety, the Election Board Inspector may excuse anyone from canvassing votes and enforce that order. Election Code § 15152.

1. Commencing the Canvass: Counting may only begin after the closing of the polls. Election Code § 15152. The count *must* begin no later than the first Thursday after the General District Election. Election Code § 10547. Counting shall be public and continued until complete. Election Code § 15272. The ballot being read and the tally sheet must be within clear view of any watchers, but observers may not touch or handle the ballots. Election Code § 15272.

2. Addressing Challenges to Voters: The District will make a copy of the Voter List available for inspection by any person who may wish to challenge any voters. Election Code § 15105. **All challenges must be made before the return envelopes are opened.** This procedure protects the privacy of voters while allowing challenges to voters as required by law. A return/identification envelope may be challenged on the grounds that (1) the voter is not the owner or legal representative of an owner of land in the District; (2) that the parcel's votes have already been cast; (3) that the ballot was not received within the time provided by the Elections Code; or (4) that the person signing is presently on parole or imprisoned for a felony, and therefore ineligible to vote. The challenger has the burden of establishing extraordinary proof of the validity of the challenge, because of the absence of the voter. Election Code § 15106. Any doubt in the interpretation of the law should be resolved in favor of the challenged voter.

Election Code § 14251.

3. Resolving the Challenge: In the event of a challenge, the Elections Board will open the identification envelope containing the ballot in order to examine any certificate(s) of authority contained in the identification envelope. The Election Board may also examine any other materials required to determine the validity of the challenge. If a challenge is overruled, the ballot shall be counted. If a challenge is allowed, the board shall endorse on the face of the identification envelope the cause of the challenge and its action thereon. Election Code § 15108. After all challenges have been resolved and noted, the remaining envelopes may be opened, and the tally may begin.

4. Examination of Ballots: The Election Board will examine each ballot for irregularities. Ballots not marked as provided by law or marked so that they can be identified should be rejected. Election Code § 15154. Soiled ballots are valid, but ballots on which the choice of the voter is impossible to determine are not. Election Code § 15154. The Election Board shall be responsible for making a final determination on the admissibility of any ballot. Rejected ballots will be placed in a separate container. The reason for rejecting each rejected ballot must be written on the ballot. The Elections Board must sign each rejected ballot. Election Code § 15154 (a).

5. Tally of Votes: As the vote is read from the ballot, two canvassers will each record the votes cast on separate tally sheets. Election Code § 15277. If the tally must be suspended at any time, the tally sheets will be marked with the date and time that the tally was suspended, and will be placed with the remaining ballot materials in a secured and tamper-proof container, until such time as the count may be resumed. Immediately on completion of the tally, the persons keeping each tally shall draw two heavy lines from the last tally mark to the end of the line and initial the lines. The total number of votes for each candidate shall be recorded on the tally sheets in words and in figures. Election Code § 15277 (c).

6. Post Count Procedure: The Election Board will seal all voted, spoiled, canceled, and unused ballots; the tally sheets; the voter roster; and any record of challenges in one or more packages. Election Code §§ 14431, 14432. The District shall retain the ballots, tally sheets, and list of challenges for six months from the date of election. The voter roster will be preserved for 5 years following the election.

7. Official Canvass: The Election Board shall submit a certified statement of the results of the election to the District's Board of Trustees. Election Code § 10551, Water Code § 50752. The statement shall show the total number of ballots cast and the number of votes cast for each candidate. Election Code § 15374.

8. Recounts: Within five days of the certification of the election results, any voter may file a written request for a recount of the election with the District. Election Code § 15620. The recount shall be conducted in public by a special recount board consisting of four landowners, supervised by the Election Board. Election Code §§ 15625, 15629. Before each day's recount, the voter requesting a recount shall deposit with the District a sum required to cover the cost of the recount for that day. If the election result changes on the basis of the recount, the deposit shall be returned. If the election result does not change, the deposit in excess

of the amount required for the recount shall be returned to the depositor. Election Code § 15624. The Election Board shall be responsible for ruling on any challenges to ballots during the recount, and its decision on any challenge is final. Election Code § 15631.

1. Bidders must fill out and sign the following documents herein enclosed; failure to do so would constitute a non-responsive bid:
 - Proposal (CD-4, CD-5)
 - Bid Schedule (CD-6)
 - Bidder's Statement of Subcontractors, Material Suppliers and Services Providers (CD-12)
 - Security for Compensation Certificate (CD-13)
 - Fair Employment Practices Certification (CD-14)
 - Noncollusion Affidavit (CD-15)
2. Bids shall be submitted in a sealed envelope, clearly marked on the outside, "Natomas Basin VEGETATION MAINTENANCE PROJECT – PHASE 4."
3. Instructions to bidders are hereby made a part of the contract documents.
4. The bidding documents shall not be removed from the purchased bound set of contract documents, including the notice, bidding documents, general conditions, and specific requirements.
5. A signed copy of any addenda issued before the bidding date shall be enclosed with the bid.
6. Prior to submission of bid, Bidders shall visit the site and familiarize themselves with the existing site, construction materials, existing structures, access to the areas of construction, and any other items which may affect their proposals. The submittal of a bid shall be construed that such a visit has been made and that the Bidder has full knowledge of such conditions.
7. To establish a basis for determining the quantities of materials to be handled in this Contract, the Contractor shall review the contract exhibits and bid documents; and he shall perform any calculations or computations he deems necessary to verify the accuracy of the information shown thereon and confirm his agreement in writing to the District upon submittal of his bid.

PROPOSAL FOR NATOMAS BASIN VEGETATION MAINTENANCE PROJECT – PHASE 4

Honorable President and Members of the Board
Reclamation District No. 1000
1633 Garden Highway
Sacramento, California 95833

To whom it may concern:

Pursuant to the foregoing Notice Inviting Sealed Proposals, the undersigned hereby proposes and binds himself on award by Reclamation District No. 1000 (District) under this proposal, to execute in accordance with such award a contract with necessary bonds of which this proposal, the Notice Inviting Sealed Proposals, and the plans and specifications adopted shall be a part, to furnish any and all labor, material, equipment and services necessary for satisfactorily performing and completing the work set forth in said specifications and shown on the plans accompanying them, within the time hereinafter set forth and at the price named in this proposal and the List of Quantities and Prices.

The undersigned has examined the location of the proposed work and is familiar with the plans, specifications and conditions existing at the site of the work and environs.

The undersigned has checked carefully all the above figures and understands that the District will not be responsible for any errors or omissions on the part of the undersigned in making up this proposal.

The undersigned understands that the quantities as set forth under the foregoing units are approximate only and are for the purpose of comparing bids and fixing the amount of bonds and agrees that these quantities may be increased or decreased, or the relative amounts of the various items varied without claim or damage or loss of anticipated profit, and that payment will only be made on the basis of the actual quantities of work performed.

The undersigned understands that the District reserves the right to reject any and all bids and to waive any informality in bids received and may at its option make the award that in the judgment of the District is to the best interest of the District.

It is agreed that this proposal may not be withdrawn within a period of thirty (30) days after the date set for the opening thereof.

Enclosed herewith is a certificate of fair employment practices, a certificate of Security for Compensation, and a Proposal Guarantee (bidder's bond, certified check, cashier's check) for amount equal to ten percent (10%) of the amount bid (\$ 37,175.00) and the undersigned agrees that, in case of his default in executing and/or furnishing the necessary bonds after award and due notice thereof, the said check or bond and the money payable thereon shall become and remain the property of the District as liquidated damages.

In accordance with the specifications, the undersigned further agrees to so plan the work and to prosecute it with such diligence that said work shall be commenced within ten (10) days after execution of the Contract by the District and the receipt of a notice from the District to proceed with the work, and shall be completed on or before November 15, 2022.

The undersigned agrees, if awarded the Contract, that there shall be paid by the undersigned and by all subcontractors under him, to all laborers, workmen and mechanics employed in the execution of such Contract or any subcontract thereunder, not less than the general prevailing rate of per diem wages, and rates for overtime and legal holidays in the locality of which the work is to be performed, as ascertained and published by DIR, Division of Standards and Research, a copy of which is on file in the District office.

AGENDA ITEM NO. 5.8

TITLE: Authorization to Submit Grant Application

SUBJECT: Review and Consider Adoption of Resolution No. 2022-05-04: Authorizing the General Manager to Submit Application for Grant Funding with State of California Department of Water Resources – Flood Maintenance Assistance Program 2022/2023.

EXECUTIVE SUMMARY:

Reclamation District 1000 (District; RD 1000) has identified a funding opportunity through the State of California Department of Water Resources (DWR) under the Flood Maintenance Assistance Program (FMAP) for 2022/2023. The FMAP program provides State funds for eligible maintenance activities to Local Maintaining Agencies, like RD 1000. The program was started to help ensure that State Plan of Flood Control facilities are properly maintained and have sufficient resources, including funding, to meet applicable federal regulations and Operation and Maintenance (O&M) manual requirements. The District has previously accepted funds under an FMAP funding agreement with DWR, for 2018/2019, 2019/2020, 2020/2021 and 2021/2022. The District desires to apply for another grant in 2022/2023 for identified maintenance needs.

Staff recommends the Board review and consider adoption of Resolution No. 2022-05-04 Authorizing the General Manager to Submit Application for Grant Funding with State of California Department of Water Resources – Flood Maintenance Assistance Program 2022/2023.

RECOMMENDATION:

Staff recommends the Board review and consider adoption of Resolution No. 2022-05-04 Authorizing the General Manager to to Submit Application for Grant Funding with State of California Department of Water Resources – Flood Maintenance Assistance Program 2022/2023.

FINANCIAL IMPACT:

Up to \$600,000 in grant revenue in Fiscal Year 2022/2023.

Introduction

General

Reclamation District No. 1000 (RD1000; District) was organized on April 8, 1911, under the California Flood Control Act of 1911. The District's affairs are governed by a seven-member Board of Trustees. At the time of formation, the District embarked on the largest privately funded reclamation project in the United States. What was accomplished by the District in the twentieth century was truly remarkable. Today, the District's perimeter levee system consists of 42.6 miles of project levees encircling the District's 55,000 acres. The District also operates and maintains an interior drainage system consisting of 30 miles of main drainage canals, approximately 150 miles of drainage ditches and eight pumping stations. The drainage system collects agricultural tailwater, stormwater and drainage and delivers them to the pumping plants for disposal in the adjacent rivers and creeks.

RD 1000 perimeter levees are undergoing the largest rehabilitation since their original construction over a hundred years ago. The \$1.7 billion Natomas Levee Improvement Project (NLIP) which began in 2007 and will continue through 2025, will provide the Natomas Basin with two-hundred-year flood protection when complete.

As the District moves into its second century, its public safety mission remains its first commitment. The District's sole purpose and function is to monitor, operate, and maintain the levees and flood control infrastructure protecting the more than one hundred thousand people in the Natomas Basin, ensuring that the system is ready for the next one hundred years.

Mission Statement

Reclamation District No. 1000's mission is flood protection for the Natomas Basin providing for the public's health and safety by operating and maintaining the levees, and the District's canals and pump stations in a safe, efficient and responsible manner.

Responsibility Statement

On behalf of and in communication with the residents of the Natomas Basin, the District meets its flood protection Mission by operating and maintaining:

- The perimeter levee system to prevent exterior floodwaters from entering the Natomas Basin.
- The District's interior canal system to collect the stormwater runoff and agricultural drainage from within the Natomas Basin.
- The District's pump stations to safely discharge interior stormwater and agricultural drainage out of the Natomas Basin.

Vision Statement

In meeting its flood protection Mission, the District shall also:

- Carry out its responsibilities in a safe, professional, and accountable manner that adheres to the principles of good governance and transparency being sensitive to community interests and the environment.
- Continuously identify and implement operational, maintenance, structural and non-structural improvements that reduce flood risks in the Natomas Basin.
- Cooperate with private entities and public agencies (including the Corps of Engineers and the State Central Valley Flood Protection Board) with whom the District shares responsibilities, common goals, and objectives for flood protection in the Natomas Basin.
- Educate the public about the risks of flooding in the Natomas Basin and the District's efforts to minimize those risks.

RECLAMATION DISTRICT NO. 1000 ORGANIZATIONAL CHART

Budget Summary (FY 2022/2023)

Executive Summary

The Fiscal Year 2022/2023 Budget for Reclamation District No. 1000 was prepared by General Manager, Kevin L. King. The budget, while unbalanced, in terms of expenditures in excess of projected revenue, was prepared in order to accomplish the goals and objectives of the District. The Fiscal Year 2022/2023 Budget is reflective of the District’s focus to catch up on deferred maintenance, and planning for implementation of capital infrastructure improvements.

The Fiscal Year 2022/2023 Budget is highlighted by expenditures aimed at positioning the District for sustained financial stability, long-term infrastructure reliability and identification of projects/policies required for further evolution of the organization. Specifically, the District intends to finalize current and future revenues through Phase 2 of the Comprehensive Financial Plan, pre-engineering work for a portion of the District’s Capital Improvement Plan, and address high hazard encroachments.

- Fuel (+\$40K) – Fuel costs have nearly doubled since July 2021 and are expected to remain high throughout FY 22/23, leading to the increase in the District’s Budget.

RECLAMATION DISTRICT 1000

DATE: MAY 13, 2022

AGENDA ITEM NO. 6.2

TITLE: District Comprehensive Financial Plan

SUBJECT: Review and Discuss Comprehensive Financial Plan Phase 2.2 Technical Memo

EXECUTIVE SUMMARY:

The Board of Trustees of Reclamation District 1000 (RD 1000; District) embarked on a Comprehensive Financial Plan in 2020, to assess the long-term financial stability of the District. To assist the District on this endeavor, the District retained the services of NBS, Inc. A three-step process has culminated in the need to generate an additional \$3.3 million in annual revenue.

The Technical Memorandum (Attachment No. 1) provides the District with a revenue proposal to address those needs, in order for the District to address current and projected expenditure requirements. Staff requests the Board review the Technical Memo, discuss the approach and provide feedback.

RECLAMATION DISTRICT NO. 1000

UPDATED TECHNICAL MEMORANDUM

TO: Kevin King, General Manager - Reclamation District No. 1000

FROM: Greg Ghironzi, Senior Consultant

CC: Sara Mares, Director

SUBJECT: Potential Stormwater Service Property Related Fee

DATE: May 10, 2022

PURPOSE

This Technical Memorandum (Memo) updates the recommendations of the original Technical Memorandum (dated February 28, 2022) to provide a complete view of our analyses based on the information gathered to date and feedback from the District.

This Memo is intended to provide the Board of Trustees (Board) of Reclamation District No. 1000 (District) information that will enable the Board to provide comments regarding changes to the potential Stormwater Service Fee and their attendant impact on individual properties and property owners. NBS seeks Board input due to the Board's intimate knowledge of the properties the District serves which may not be evident from NBS' evaluation of the County of Sacramento and County of Sutter Assessor's Data.

This Memo is a prelude to the Rate Study Justification Report (Rate Study) which is currently underway. The Rate Study will provide the underlying basis, justification, and final calculation of proposed rates that may be subject to approval by the District's property owners.

BACKGROUND

NBS provided a Rate Modeling Report which was reviewed by the District's Finance Committee on November 11, 2021. The Finance Committee's comments were incorporated into the subsequent Rate Modeling Report which was reviewed by the Board on December 10, 2021. The Rate Modeling Reports provided information regarding the revenue requirements, proposed modeling of the property related fees, discussion of the approval process, and a recommendation to review the potential rates to address any potential excessive exaction amounts.

The potential rates, ownership, and land use data used in the calculations are based upon the property configurations used in the Rate Modeling Report. A complete update of all property data is underway to recognize the property configurations used in the 2022/23 equalized assessment rolls of both counties. The 2022/23 Assessor's Data is expected to produce rates materially similar to the rates herein. Any rate

reduction would be due to development that increases the total estimated impervious surfaces within the District and any rate increase would be due to the exemption of additional property determined to be part of the levee or Stormwater system.

FUNDING REQUIREMENT

The District currently has a \$5,500,000 annual revenue requirement. The revenue requirement is proposed to be funded per the following table.

Revenue	Source
\$1,400,000	SAFCA Funding
800,000	Existing Flood Protection Assessment ¹
3,300,000	Proposed Stormwater Fee
\$5,500,000	Total

1. For levee maintenance

The existing District assessment currently generates approximately \$2.3 million annually. Upon successful adoption of the proposed Stormwater Service Fee, the existing assessment revenue requirement will be reduced to approximately \$800,000. This assessment revenue reduction of \$1.5 million (approximately 65%) is applied pro-rata to all assessment payors. The Rate Modeling Report (December 2021) should be reviewed for additional detail not included herein.

CUSTOMER CLASSES

Land Use Codes (“LUC”s) are assigned to property by the both the County of Sacramento and the County of Sutter Assessor’s Offices and describe the current utilization of a parcel. There are 628 unique LUCs assigned to property within the District’s boundary. These LUCs are grouped and assigned into the Customer Classes and the associated parcel counts are shown in the table below.

Customer Class	Parcel Count	% of Parcels
SFR	27,224	77.38%

STORMWATER SERVICES

NBS has allocated the proportionate costs to capture and discharge stormwater according to the proportional generation of stormwater flows for each parcel. The approach is an industry best practice and is proposed as the basis of allocating the proportional cost of the Stormwater service.

Different properties will generate different amounts of stormwater runoff according to their land use. The calculation of estimated stormwater flows is proposed to be allocated according to the Net Impervious Area (NIA) of each parcel in the District's boundary. The NIA is calculated by multiplying the gross parcel area by an Impervious Surface Coefficient (ISC). The ISC considers land use and density of use to estimate the relative impervious surfaces for each property. The ISC is a factor used to discount the gross parcel area down to the NIA. For example, a single family residential parcel with a density of 4 dwelling units per acre is assigned an ISC of .46. This results in the parcel's gross area being multiplied by .46 to arrive at the NIA, such that a ¼ acre parcel (10,890 SqFt) is multiplied by .46 (which approximates building, driveway, patio, and other hardscapes) to arrive at approximately 5,000 SqFt of NIA.

The ISC factors were developed from the State of California Environmental Protection Agency, Office of Environmental Health Hazard Assessment¹. The ISC factors used data from selected areas including Sacramento County which enhances the data's applicability to RD1000. For Customer Classes without a directly matching ISC, the ISC was estimated using comparable data. The listing of Customer Classes and the associated ISCs are shown in the table below.

Customer Class	ISC
Agriculture	0.04
Airport	0.30
Cemetery	0.10
Church & Welfare	0.80
Common Area	0.30
Exempt	0.00
Golf	0.10
Industrial	0.86

Miscellaneous	0.10
Office	0.80
Park	0.10
Personal Care & Health	0.80
Public & Utilities	0.44
Recreational	0.80
Retail /Commercial	0.86

Vacant	0.10

¹ <https://oehha.ca.gov/>

There are 3,870 parcels which receive Stormwater service from other jurisdictions, or who do not drain into the capture and discharge system and therefore are not charged this portion of the proposed fee.

NBS has allocated the cost to provide the Stormwater service proportionately according to the NIA of each parcel protected. As compared to prior analyses, the Single Family Residential Customer Classes have been condensed, resulting in a change in ISC therefore the total NIA. The result was a lower cost per NIA. In our view, this is a more realistic representation of the District’s land uses and needs. The formula below shows the calculation.

Total Cost of Stormwater Services / Total NIA Served (Acres) = \$ per NIA (Acre) for the Stormwater Service

\$3,300,00 / 10,038.73 NIA Acres Served = \$328.7267 per NIA Acre for the Stormwater Service

No determination has been made establishing a minimum charge per parcel. This is relevant for all Non Residential parcels with a relatively small NIA resulting in sub dollar charges.

POTENTIAL FEE RATES

The basis of the fee rates is shown above and have been modeled to understand the effects on the parcels in the District for each service. The draft rates for each service and the average of the combined rates are shown in the following Sections.

STORMWATER SERVICES

Parcels are assigned to residential and non-residential Customer Classes. The residential land uses were assigned to the single family or multi-family Customer Classes based upon the respective county’s land use codes. For each of the Residential Customer Classes, the Gross Parcel Area is averaged for all parcels within the Customer Class, the appropriate ISC is applied and a rate per parcel, or unit is determined. The following table provides the revised potential annual rates per Customer Class type.

Customer Class	Description	Rate	Per
MFR	Multi-Family Residential	\$9.30	DU ¹
SFR	Single Family Gross Lot Area < 10 Acres	29.77	Parcel
NRP	Non Residential Property	328.73	NIA ²

1: DU = Dwelling Unit

2: NIA = Net Impervious Area (per Acre)

LARGE SFR PARCELS GROSS AREA > 10 ACRES

All SFR parcels are grouped into the SFR Customer Class. However, there are a number of SFR parcels larger than 10 acres. These parcels are “outliers” in the data. They could reasonably be included in the SFR Customer Class, however, to maintain the integrity of calculating the fee according to the proportional cost of service, these parcels are proposed to bear an additional cost as follows.

All acreage over 10 acres will be multiplied by the Agriculture ISC (0.04) to arrive at the Large SFR parcel’s excess NIA. This excess NIA will be charged according to the Non Residential Property rate and the resulting amount will be added to the standard SFR rate. There are 24 Large SFR parcels.

The excess acreage charge calculation is shown below.

Gross Acres – First 10 SFR Acres = Excess Acres x ISC (0.04) = Excess NIA * Rate per NIA Acre = Excess Acreage charge + SFR Base Rate = Total Charge for Large SFR Parcel

A sample calculation for a 20 acre Large SFR parcel is shown below.

*20 Gross Acres – 10 Base SFR Acres = 10 Excess Acres * .04 (ISC) = 0.40 Excess NIA * \$328.73 Rate per NIA = \$131.49 Excess Acreage Charge + \$29.77 SFR Base Rate = \$161.26 Total Charge for Large SFR Parcel.*

For comparison the proposed fee for a 20 acre agricultural parcel is \$262.98.

The large parcel analysis was also performed for the MFR Customer Class and no changes are proposed within that Customer Class.

The average NIA (Acres) and average Stormwater Service costs per Customer Class are shown in the table below.

2: Average MFR cost per parcel is shown in the table. There are 25,330 MFR Units receiving Stormwater service. The cost per MFR Unit for Stormwater is \$9.30.

TOTAL COSTS

The Customer Classes table in this Memo above shows that 87.34% of parcels are designated as having a residential use and the below table shows those parcels will bear 29.1% of the financial burden. These calculations are based upon assumptions of the accuracy of the respective county assessor's data which has shown to be inaccurate in some instances and a further examination of outlying data points should be performed prior to the finalization of the fee.
